Although the route will be marked, it's very important to carry a route slip and download the free Ride with GPS app to ensure you can stay on course.

### **JERSEY PICK-UP:**

Pre-ordered jerseys will be available for pick up the day of the event before the ride at the pre-registration booth, and after the ride at the merchandise booth. Additional jerseys will be available for purchase, but we cannot guarantee size availability.

### **HOW THE LA RIVER PATH CLOSURE NORTH OF LOS FELIZ BLVD. WILL AFFECT THE RIDE:**

Due to the ongoing construction of the North Atwater Bridge, which will connect Griffith Park and Atwater Village, the LA River Path will be closed north of Los Feliz Boulevard on the date of the 18th Annual River Ride – Sunday, June 3rd.

Unfortunately, the closure of the LA River Path will force us to make amendments to all 2018 River Ride routes, moving off the LA River Path and onto Crystal Springs Drive for a section of approximately 2.7 miles, but the event will of course continue to be a fully-supported and family friendly ride.
